WALK
for
Brain Injury

**BRAIN INJURY
ASSOCIATION
OF CALIFORNIA**

**UCDAVIS
HEALTH SYSTEM**

Host Organization: UC Davis Medical Center

UCDMC is the only Level 1 Trauma Center in Greater Sacramento Valley Region. Many patients with the most complicated traumatic injuries are examined and treated within our celebrated institution. We are a person and family centered health system. The collaborative approach of well qualified professionals searching for improved strategies and technologies to serve patients and families that have suffered the enduring effects of Traumatic Brain Injury is a consistent objective. Our mission of improving lives and transforming health care is bolstered by high impact research and bold innovation for a healthier community and world. We are honored to be the host organization for the 2016 Walk for Brain Injury and look forward to future progress in serving those we support through the great works of the Brain Injury Association of California.
